

# Custom Tote Bags

## Sustainability On Your Terms

### Start With Our Canvas

Our Hemp & Recycled PET bags can be (re) designed and/or decorated in any way imaginable. Custom Reusable Bags package opens up many more possibilities than just a blank canvas tote bag. Printing can be completed at time of manufacture with a choice of water based inks or phthalate-free plastisol. Other custom options available are custom dyed fabric colors, custom styles and designs, fabric variations and private labeling.

### Why Hemp & Fairly Traded?

Why not? Fair Hemp has developed a great line of products at very competitive prices to the standard fare. Using recycled PET creates a market for recycled products and Hemp reduces the amount of fresh water wasted. Workers are paid a fair wage and there is never any child labor. Your customer gets a premium product without paying a premium price. Everyone wins.
