# Hemp & Recycled PET Eco Tote Bag

---

EcoFriendly. Economical. The Eco Tote.

## Nothing But The Best

Why settle for conventional items when defining your image? Set your organization apart with premium Hemp Eco Tote Bags that speak volumes about who you are and what your company values. Our line of hemp accessories make it easy to be socially responsible without sacrificing style or durability.

## Good For Life

Our new Hemp Eco Tote Bag is made from a nearly indestructible blend of organically grown Hemp and recycled PET (PCW - formerly Soda Bottles) all without sweatshop labor. Just switching to 1000 Fair Hemp Eco Tote Bags save almost 150 pounds of agricultural chemicals and 75,000 gallons of fresh water compared to what goes into a cotton tote bag. Guaranteed for Life!

## Why Hemp & Fairly Traded?

Why not? Fair Hemp has developed a great line of products at very competitive prices to the standard fare.

Using recycled plastic creates a market for recycled products and Hemp reduces the amount of fresh water wasted. Workers are paid a fair wage and there is never any child labor. Your customer gets a premium product without paying a premium price. Everyone wins.
